OUR SCHOOL

The MET opened its doors in August 2011, and has since become one of Panama's leading international schools, offering classes to students from Early Childhood through 12th grade. The MET celebrated its first graduating class in May 2016.

In 2017, the school joined Nord Anglia Education (NAE), the world's leading premium schools organization, NAE's global family of schools share a common philosophy that there is no limit to what its students can achieve. Through NAE's global network, the MET participates in premium collaborations with the Massachusetts Institute of Technology (MIT), The Juilliard School, King's College London and IMG Academy. These programs enhance learning opportunities for students in the performing arts, STEAM (science, technology, engineering, arts and math) and sports, and offer teachers a unique opportunity for professional development.
